

Woollahra Public School in Sydney is now partly powered by sunshine! The school has installed a 40kW solar power system with the help of the Solar my School program, and funding from Woollahra Council Environment Grants, the NSW Community Building Partnerships Grants and NSW Department of Education.

Annually the solar panels will produce clean green energy to power the school's learning facilities.

Save **29%** on facility's energy bill

Produce enough power equal to running **290 computers** or **10 homes**

Reduce carbon emissions by **52 tonnes**

Equivalent to taking **18 cars** off the road

Solar snapshot

Location:	Woollahra
Size of system:	40kW
Estimated bill savings:	\$8000/yr
Estimated energy savings:	58,000 kWh
Simple payback:	1 yr (after funding)

What is Solar my School?

Solar my School is a free Council program to help schools navigate a path to solar success.

"It's exciting to now play a part in the solution to addressing climate change, providing an unparalleled educational tool for our students."
